Education

B.E, Computer Science & Engineering, MITE CGPA: 8.78/10.00 — Course works: Object-Oriented Programming, Database, Operating System, Networking.	2020 - 2024
Pre-University Education - PCMCs, MGM Pu College Aggregate: 92.33/100 — Karnataka State Board	2019 - 2020
Secondary School (SSLC) - Christ School Manipal Aggregate: 79.20/100 — CBSE	2017 - 2018

Skills

Languages	HTML5, CSS3, SQL, JavaScript, Typescript,
Frameworks & Libraries	React.js, Vue.js, Express.js, Node.js, MongoDB, Bootstrap, Tailwind CSS, MUI
Tools & Tech	VScode, Git, GitHub, GitLab, Jira, Azure, Figma, Canva

Experience

Metasoft Web Developer Intern - Built responsive web apps with React, Tailwind CSS, and JavaScript. - Integrated Ant Design (Antd) components for consistent UI. - Debugged and resolved issues: Identified and fixed bugs, ensuring smooth and efficient web application functionality.	OCT' 24 - NOV' 24
Raasoft infotech Software Engineer - Developed and maintained web applications using Vue, React, and JavaScript. - Enhanced user interfaces with Tailwind CSS, MUI, ShadCN, and PrimeVue. - Integrated TypeScript for improved code quality and maintainability.	DEC' 23 - Present

Projects

Portal Website — HTML5, CSS, Vue.js, Typescript, PrimeVue, Tailwind, GitLab, Jira — (Raasoft infotech) - Developed a portal website to manage ATM and gaming transactions, including ticket management for game centers, ensuring secure and efficient transaction handling. - Implemented role-based access with different permission levels, enhancing usability and maintaining system integrity across multiple user types.
iPad Ticket System — HTML5, CSS, React.js, Typescript, MUI, Tailwind, Azure — (Raasoft infotech) - Developed an iPad-based gaming ticket system using React, TypeScript, and Tailwind CSS, leveraging WebView to run seamlessly across kiosks in gaming centers, restaurants, and stores. - Implemented transaction and ticket management features with responsive UI and role-based permissions, ensuring smooth customer experience and secure multi-user functionality.
Kiosk & ATM Software — HTML5, CSS, React.js, Typescript, MUI, Tailwind, Azure — (Raasoft infotech) - Developed kiosk and ATM management software with secure transaction workflows, ticketing features, and an admin menu for initial configuration and role-based functionality, streamlining operations and enhancing security. - Built a connector package to enable seamless communication between agent services and the frontend, ensuring reliable transaction processing and smooth integration with ATM features.

Certification

- UI/UX Course, Great Learning
- Foundation: Data, Data Everywhere, Coursera
